# **“ARROWLOCK”**

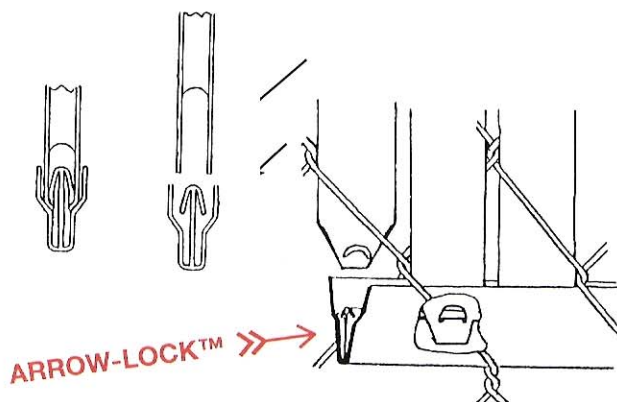

**For Chain Link Fence**

# **“ARROWLOCK VIP”**

## ***The Choice For All Chain Link Applications***

“Advantage VIP” was designed with the do-it-yourself as well as the fence builder and professional landscaper in mind. Pickets are pre-cut for the height of your fence. They slip easily from the top through the fencing into the patented “locking channel”.

- ◆ Easy to install
- ◆ Choose from nine decorator colors
- ◆ Increased property value
- ◆ No tools required
- ◆ Residential & Industrial applications
- ◆ 10-year limited prorated warranty
- ◆ Maintenance free
- ◆ Lasting beauty
- ◆ Security
- ◆ Privacy
- ◆ Durability

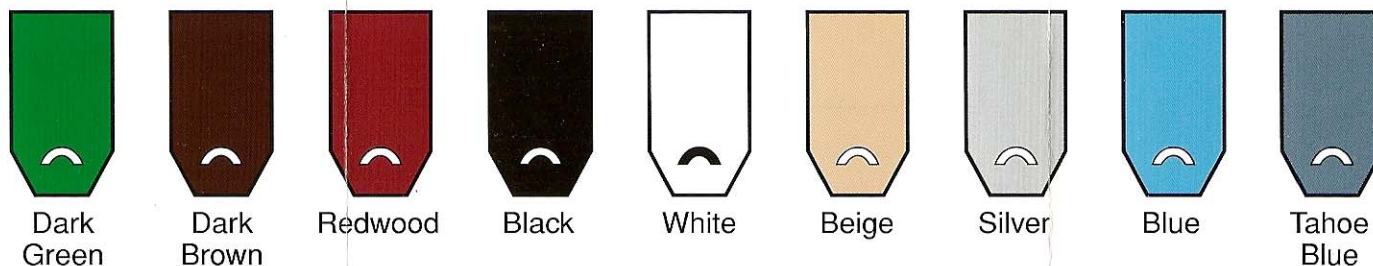

Install “Arrowlock Vip” by inserting the locking channel through the top row of the lowest row of whole diamonds with the open end pointing upward.

Insert the picket with the tapered end facing down.

Push the picket until it “clicks” into the locking channel.

\*Exact representation of slat colors in printing is difficult. Please refer to actual color samples for final matching.
